

NATALYA KHOROVER

ART FOR EARTH'S SAKE

PLASTIC NATURE WORKSHOP

SUPPLY LIST

- a collection of single-use plastic (various colors, sizes, thicknesses and patterns; from bags to bulk item wrapping to supermarket packaging)
- sewing machine (no need for special needles)
- sharp paper scissors
- sharp embroidery scissors
- various sewing machine and hand stitching threads
- needles for hand stitching (thimble if used)
- tracing paper or quilting paper
- pencil, black marker and pointy tweezers
- glue stick
- base material, I suggest Pellon 70 Peltex Ultra Firm Sew-In Interfacing, it is 20" wide. It can be bought at JoAnn Fabrics or maybe your local quilt store. Any similar interfacing is acceptable.

Important: PHOTO INFO

You will also need an inspiration photo or two or three, of a nature scene (a flower, a tree, rocks, landscape) printed on plain paper to 8"x10" or larger to use as a starting point.

Don't spend good printer ink on this photo, and plain paper is just fine. If you want to print it larger than 8"x10", just print out in sections and tape together.
